

## Employment Opportunity

### **Job Title:** Wire Harness Technician

Precision Installations, Inc. is seeking skilled candidates to join our growing team as a Wire Harness Technician. As a wire harness manufacturer, our niche is customizing single to low quantity wire harnesses with a short lead time. Our expert technicians can take a client's original drawings and produce a wire harness to their exact specifications. We are looking for motivated, reliable individuals who have a willingness to learn, and a keen eye for detail.

### **Requirements:**

- Self-starter, who takes pride in performing quality workmanship
- Ability to meet and follow timelines provided by Manager
- Ability to work as a team and individually, with minimal supervision
- Strong communication and customer service skills
- Minimum High School Diploma
- Experience with tools is a plus but not required
- Electrical and Wire Harness manufacturing experience is a plus but not required

### **Precision Perks:**

- First Shift, full-time
- Full benefits (medical, dental, vision, long-term/short-term/life insurance)
- 401k matching
- Paid vacation
- On-the-job, paid training
- Tools provided
- Bright, clean work environment

*New employees are subject to a 60 day probationary period (amount of vacation for first year based on date of probationary period conclusion).*

Precision Installations is rapidly growing, apply today for this great opportunity! Precision Installations is an equal opportunity employer. All employment is decided based on qualifications, merit and business need.

### **To Apply:**

Please submit your resume via email with "Wire Harness Tech" as the subject to:
