

PRECISION INSTALLATIONS INC

Employment Opportunity

Job Title: Product Installer (Communication Installer)

Precision Installations, Inc. is seeking a Product Installation Technician to join our growing team. Our company installs various products in a wide variety of vehicles. These installations include 2-way radios and intercom systems for a very large fire truck manufacturer, as well as surrounding area Fire Departments and Police Agencies; lighting, audio, utility boxes and much more in commercial vans and trucks; and many other various services that meet our clients desired specifications.

Requirements:

- Self-starter, who takes pride in performing quality workmanship
- Ability to meet and follow timelines provided by Manager
- Ability to work as a team and individually, with minimal supervision
- Strong communication and customer service skills
- Minimum High School Diploma
- Experience working with tools is preferred
- Experience in installation and a manufacturing environment is a plus.

Precision Perks:

- First Shift, full-time
- Full benefits (medical, dental, vision, long-term/short-term/life insurance)
- 401k matching
- Paid vacation
- On-the-job, paid training
- Tools provided

New employees are subject to a 60 day probationary period (amount of vacation for first year based on date of probationary period conclusion).

Precision Installations is an equal opportunity employer. All employment is decided on the basis of qualifications, merit and business need.
